

# The End is Just the Beginning

**Our graduates are prepared.** Our graduates are ready for higher education at the college or university level and know that the next step in pursuit of a meaning-filled life includes being a curious and passionate learner at every stage. Our signature Academic Research Program distinguishes our students in the college admissions process and beyond.

**Our graduates are individuals.** We believe that students are best served by giving voice to their individual needs and goals, especially when considering higher learning opportunities. With one counselor for every 35 students, University Liggett School's college guidance staff invests extraordinary time building one-on-one relationships with our upper school families as they choose where to apply and matriculate.

**Our graduates have the confidence to follow their passions.** Yes, we have alum that attend the Ivies, Duke and MIT. But our college guidance team helps our students do more than gain acceptance to the best colleges and universities – we help them select the right institution.

No matter the individual path, University Liggett School graduates are ready to accomplish great things.
