Enrolling more than 600 students, University Liggett School offers a rigorous and innovative academic framework that allows students in every grade to find their passion and explore it in depth while developing creativity, critical thinking, teamwork, and adaptability. Athletics

University Liggett School athletics offers the chance to fiercely compete, boldly lead and revel in the thrill of victory while facing the region's most competitive schools. We've established a culture of working hard and reaping the rewards, not only in the classroom, but on the field, court, track, and pool. Our athletic campus is built for challenge, our teams are built to win, and our reputation for competing at the highest level is built on proof.

MCCANN ICE ARENA

The Francis J. McCann Ice Arena includes 39,000 feet of space, expanded locker rooms, and seating for 300 spectators. The building is in use throughout the year - including the summer months - as teams from the Bulldogs Hockey Club, Liggett alumni, other area hockey teams, and the residents of the City of Grosse Pointe Woods use the arena and its facilities. More importantly, we use the facility daily throughout the school year for skating, as part of the lower and middle school physical education program, and for team play by our middle school teams, and the upper school boys' and girls' Varsity and JV ice hockey teams.
